CLASS I COMPLETE

NAMES OF REGISTRANTS WHO ARE SUBJECT TO FIRST CALL

HAVE MADE NO CLAIMS

When Final Report Is Made It Is Believed There Will Be Not More Than 25 Men Unreported

The following additional names of registrants in Class I completes the list of men from Nodaway county who will be subject to the next draft call provided they meet the physical requirements. These men have failed to make any claim whatever for exemption and have voluntarily placed themselves in Class I. These will not have to be passed on by the district board.

Out of the total number of registrants from this county to whom questionnaires were sent it is believed that not more than twenty-five will remain unreported. Investigation discloses that most of this number have left the county since the registration. In some cases they will finally be located, while some are known to have enlisted.

CLUB EVENT ON JANUARY 29

An Evening of Fun and Frolic for Business Men Is Announced by Commercial Club Committee

The committee in charge of the event for the Commercial Club announce the date as January 29 with a program of fun and frolic. That is as far as the committee cares to go just at present, but promise full details for what they declare will be a most extraordinary occasion, at a later date.

The members of the committee, H. L. Raines, chairman; Neil Somerville and M. T. Nielsen have planned something entirely different from any event ever given by the Commercial Club or any other organization in Maryville and besides the fun and frolicsomeness there will be two well known speakers from out of town, who will speak on matters of timely interest.

DR. HARMON COMING SUNDAY

Head of Missouri Wesleyan College at Cameron Will Preach at First M. E. Church

Dr. Cameron Harmon, president of Missouri Wesleyan College at Cameron, will make his first visit to Maryville since becoming head of that institution next Sunday, when he will spend the day here preaching at the First M. E. church both morning and evening. At night a special service has been arranged for students of the various schools of th ecity and Dr. Harmon will deliver an address suitable for the occasion. Special music by a quartette from the Conservatory of Music and the church choir will be a feature. Pres. Ira Richardson of the Normal will also have a part in the program.

Dr. Harmon is considered a bit out of the ordinary as college president are wont to be known. A young man in age, thought and action, he takes a large interest in athletics and in young people generally. He is a fine speaker and his visit here is looked forward to with pleasant anticipation.

A CAPACITY CROWD

AUDITORIUM AT HIGH SCHOOL PACKED FOR CLASS EVENTS

CLASS HONORS TONIGHT

Commencement Address by Rev. S. A. Colle—Miss Erma Green Will Deliver Valedictory

A crowd that taxed the capacity of the High School auditorium attended the class day exercises last night of the mid-winter graduating class and enjoyed one of the most interesting programs ever given by a senior class. Interest centered in the play, "The Novel Cure," presented by ten members of the class, and it came up to all expectations and made good all advance notices that were given out. The play contained much fun and humor and gave opportunity for some exceptionally good acting and each member of the cast did meritorious work. The audience decided that it was one of the best plays ever given by a graduating class and encouraged the young actors at every opportunity.

The first part of the evening was given over to the disposition of the class chattels, presenting a gift to the school, prophesying what must surely be the ultimate destiny of each member of the class and listening to vocal and instrumental music. The last "will and testament" of the class together with the class prophesy was greatly enjoyed, both being original and amusing collaborations. The presentation of the class gift, a section of the frieze for the auditorium, was accepted in behalf of the school by J. R. Brink, president of the school board. The High School orchestra made a hit with several popular and patriotic numbers.

This evening the graduating exercises will be held in the auditorium, when the commencement address will be delivered by Rev. S. A. Colle of the Presbyterian church. Miss Erma Green will deliver the valedictory address. The High School orchestra will offer a program of musical selections and class honors will be announced.

GERMANY KEEPS UP PARLEY

Bolsheviki Regime Faces the Most Critical Hour In Its History—Conference Still On

Special to The Democrat-Forum.

Copenhagen, Jan. 18.—With Russia and Roumania virtually at war and the fate of the Brest-Litovsk peace conference hanging in the balance because of the rejection of the Russian terms by the Germans, the constituent assembly is scheduled to meet at ePtrograd today at the most critical hour of th eBolsheviki regime.

Petrograd advices dated last night stated that plans have been made for a monster demonstration co-incident with the opening. At the same time the doubt is expressed whether that body will be able to convene owing to the absence of a quorum.

The indications are that Germany intends to continue the parley by making counter propositions to the Russian terms that were rejected.

Internal situation in Russia has gone from bad to worse and civil strifes instead of waning are on the increase.

CLOSING ORDER OUT

RESTRICTIONS ON PRACTICALLY ALL USERS OF COAL

LOCAL PLACES TO OBEY

Theatres, Skating Rink, Pool Hall and Restaurants Are Included—Coal Dealers Get Orders

Drastic measures to conserve coal in Missouri were taken last night when State Fuel Administrator Crossley, who, in an order sent to all local fuel committees in the state, directed the complete or partial closing of all places of amusement in the state during certain periods, and placed restrictions upon practically all users of coal. The order became effective this morning.

J. J. Heifner, chairman of the county fuel commission, was out of the city today, but it is thought he has received the order by this time.

The order provides that all motion picture theatres, dance halls, pool and billiard halls, bowling alleys and other places of amusement, with the exception of theatres, where out of town companies present performances shall close on Monday and Tuesday nights of each week. All restaurants (except those few permitted to operate all night), saloons, theatres, billiard halls and other places of amusement shall close not later than 10 o'clock on each and every night they are permitted to remain open.

The order effects the Empire theatre, the pool halls, the skating rink and the restaurants here. The Empire theatre announces today that their first show will begin at 7:30 each evening and that they will close on Monday and Tuesday nights as soon as official word is received from the fuel commission. Pool halls and other amusement places here will also carry out the order.

All office buildings, the order says, must not be opened prior to seven o'clock a. m., and must close at seven p. m., each day. Heat and electric lights in such buildings must be turned off promptly at seven o'clock p. m., and shall remain off until one hour prior to the opening time on the succeeding day.

Retail places of business, including dry goods stores and candy shops, are subject to the same regulations, the only exception being made for grocery stores, meat markets and baker shops.

Use of electrical signs is also discontinued until further notice.

Municipalities are requested to reduce their lighting to the minimum, with the injunction that the safety of of persons traveling the streets must not be jeopardized.

Retail dealers in coal are given specific directions as to priority of deliveries with preference given to domestic consumers.

Dealers in coal are also directed by Crossley to restrict purchases by domestic consumers to "reasonable necessary requirements." which may be left to the discretion of the fuel committees.

MARYVILLE HOUSES TO OBEY

Industries Named in Garfield Order Will Suspend Operations—Empire Announces Early Closing

While none of the Maryville industries and other places that will be affected by the shut down order have been notified to suspend operations, it is believed all will obey the order as given through the news dispatches in the public press. The places that would come within the order here are placed in the position of depending on "the other fellow" as most of the places of business are supplied with heat through the Maryville Electric Light Co., a public utility that furnishes heat made from exhaust steam, and are not users of coal.

The management of the Empire theatre announces that the ten o'clock closing order will be obeyed. In order to do so will start performances at 7:30 o'clock. No announcement of closing on Monday and Tuesday of each week has as yet been made.

Mrs. Theodore Ford and daughter, Hazel Bernardine, of Emerson, Iowa, arrived yesterday and are guests at the home of Mrs. Ford's sister, Mrs. Sam Townsend. They came to attend the graduation from High School of Miss Erma Green, a cousin .

Three Months in the Audit Bureau of Circulations

A gain of 38 paid subscribers in December over October—that's the record of the Democrat-Forum, despite the opportunity of hundreds of people to get other daily papers at bargain rates. The Democrat-Forum's application for membrship in the Audit Bureau of Circulations was accepted October 1, 1917, and since then its subscription list has been kept according to its rulings. Also, since then many subscriptions which under the old accepted standards were counted as paid subscriptions have been marked as service copies, etc., although they go to people which are good prospects for advertisers to reach. The Record:

	Oct.	Nov.	Dec.
Net paid	3058	3131	3096
Service	115	127	116
Unpaid	62	63	64
Office and left overs	83	90	141
Spoiled in printing	26	18	25
Total copies	3344	3429	3442

P. S.—The unusually large amount of paid copies in November was due to the State Sunday School Association.

The figures which are printed above are taken from our records and will be audited after April 1 by an expert from Chicago, and they are open for inspection by any interested local person—they aren't secret.

These 3096 bonafide subscriptions—they were obtained by merit alone, without 'bait' of any kind and were paid for in full by the persons receiving the paper, except in a very few instances.

That is the great reason why the Democrat-Forum prints more national advertising than all other papers combined in this county. Are you local advertisers getting the greater value which can be yours by being liberal in the use of the Democrat-Forum's columns? The first month of the new year is a fitting time to begin advertising or to increase your appropriation.

KEEP WINNING GAIT

BEARCATS VICTORS IN A CLOSE GAME WITH WESLEYANS

PLAY K. C. TEAM TONIGHT

Third Straight Victory for Normals Indicates Team That Will Be Contender for Champ Honors

Cameron, Mo., Jan. 18. — Missouri Wesleyan went down to defeat here yesterday afternoon after fighting its way almost to a tie wtih Maryville Normal in the last half, after being badly outclassed in the first period. The final count was 35 to 32 in the visitors' favor.

It was the initial half that played havoc with the local team. The Normalites got away early and ran up a good score before the Wesleyan team got under way. As the Maryville team gained a lead in the initial period, the local aggregation got into action and succeeded in getting within striking distance of the others' score once, only to fall behind, and end the half with a 24 to 12 score against them.

In the second period the affair was changed. The home quintet came back fighting like tigers and the onslaught was almost too much for the Normalites to stop. This is the second defeat handed the Cameron team this year by the teachers.

Lineup and summary:

MARYVILLE		WESLEYAN
Miller	F.	Lyle
Scott	F.	Conklin
McMahan	C.	Harmon
Wells	G.	Pickett
Rich	G.	Slulip

Goals from field: (Normal) Miller, 7; Scott, 4; McMahan, 5; Wells. (Wesleyan) Lyle, 6; Pickett, 3; Slulip, 4.

Goals from free throws: (Normal) Rich, 1 out of 5. (Wesleyan) Pickett, 6 out of 9.

Referee, Hoopes, Kansas City.

Athletic Director Hanson and Coach Palfreyman are in Kansas City today with the fast Polytechnic team. Word from the Bearcats indicate their victory of yesterday has not made them overconfident and they are expecting the hardest game of the series.

Mr. and Mrs. Frank Miller of Sacramento, Calif., are visiting with Mr. Miller's brother, Dr. Jesse Miller, and family.

WARN FOOD BUYERS

PERSONS WHO HOARD SUPPLIES WILL BE PROSECUTED

IS VIOLATION OF LAW

County Food Administrator F. P. Robinson Urges Merchants to Report Any Attempt at Evasion

Persons who hoard food supplies—purchase more than is needed for immediate needs—are in direct violation of the law and are liable to prosecution. County Food Administrator F. P. Robinson issues the following warning notice to consumers and dealers that unless the food administration's orders are observed strictly prosecutions will follow. Mr. Robinson's order follows:

"Since the United States declared war on Germany there has been a tendency on the part of some consumers to buy food products in much larger quantities than usual or necessary.

"Any person in the United States who buys more foodstuffs than he customarily keeps at home in peace times is defeating the food administration in its endeavors to secure a just distribution of food and keep prices down.

"The hoarding of food is not only unnecessary, as the government is protecting the food supply, but it results directly in high prices.

"Those guilty of hoarding are clear out of line with the self-sacrificing spirit of the times and by their selfish acts indicate that they do not acknowledge any responsibility to their government or to their fellow men.

"Hoarders violate Federal law and are liable to a fine of $5,000 or two years imprisonment ,or both.

"Section Six of the Act of Congress of August 10, 1917, provides that per-

WILSON BACKS UP GARFIELD ORDER

EFFORTS TO SOLVE FUEL PROBLEM HAS PRESIDENT'S O. K.

ORDER BEING OBEYED AS PROTEST RAGES

Industrial Paralysis in Sections East of Mississippi River, as Factories Are Shut Down

Special to The Democrat-Forum.

Washington, Jan. 18.—White House officials today broke the silence on Garfield's coalless day order and declared unequivocally that the president stands solidly behind Garfield in an effort to solve the fuel problem. These officials professed the most sincere optimism that the order would have the desired effect. Industrial paralysis resulting from the shut down order east of the Mississippi river prevailed today. Reports indicated that the order is being obeyed.

Fairly bursting with wrath over Garfield's refusal to heed its recommendations to withhold the industries suspension order, the senate this afternoon plunged into another violent debate over the coal situation. Representative Snyder of New York charged on the floor of the House in a bitter attack on the order that Garfield has made the "goat" for Secretary McAdoo, who is director general of the railroads.

"The order is nothing but a camouflage to conceal the inability of McAdoo to handle the freight congestion," he said.

While a storm of protest raged at the capital and among business interests throughout the Nation, Fuel Administrator Garfield last night signed the order, in preparation since yesterday, closing down manufacturing plants east of the Mississippi River for five days beginning at midnight last night and stopping virtually all business activity on every Monday for a period of ten weeks beginning January 21.

Seldom has Washington seen a day of more stirring activity. An astonished Congress paid little attention to any other subject and officials generally, few of whom had known the order was imminent, talked of little else. Doctor Garfield was the storm center in the morning, when his office was swamped with telephone calls, in the afternoon when he was haled before a Senate committee and tonight when he finally issued the order.

No order of preference is established between the classes which are allowed to receive coal. The abstract of the order given out last night put these classes under subheads indicating that they would be supplied in the order named. The official text retains the same order—railroads, domestic consumers, public utilities, ships, government purposes and manufacturers of perishable foods—but grouped them all together ,and one has no precedence over the other.

Mrs. Arthur Leet of Bedford was in Maryville last night to attend the play given by the graduating class of the high school of which her niece, Miss Elizabeth Leet was a member.

Mr. and Mrs. Charles Roney and son, Paul of Oakes, N. D., are visiting in Maryville with relatives.

Sam W. Mitchell of Camp Doniphan, Ft. Sill, Okla., is in Maryville on a few days furlough visiting friends.

Jim Merrigan Jr., of Clyde was in Maryville today.

Julius Straus of Kansas City is visiting his brother-in-law, M. Nusbaum.

Hey, kids; here's a tip. The mayor of Trenton, Mo., has given orders that one of the city's streets on a long hill be flooded so that the kids of the town may enjoy good coasting.

If the coal supply gives out Doc Malotte can keep warm hunting rabbits.

And speaking of rabbits, meatless days have put fear into the hearts of the little long-eared fellows. The sight of a man with a gun is sufficient notice to "put'er in high."

And, by the way, what has become of LaFollette? Has he been sufficiently tamed?

A Washington correspondent says that Thomas P. Gore, Oklahoma's blind senator, is frequently seen at the movies. Why not? Any blind person can get the whole thing from the conversation about him.

The Good Hope correspondent of the Hopkins Journal says the Sears-Roebuck and Montgomery-Ward catalogues lack one very important addition to make them complete. There should, by all means, be a space reserved among their pages for a family record, due to the fact that the catalogues have taken the place of the family bible on the center table in many of the homes.

It is a christian act to "bury the hatchet." It is also the act of a wise man to mark well the place where it is buried.

"In these war times all you have to do with your grocer at the end of the month is to declare a moratorfum," advises a Kansas paper. Punk advice, for the reason that at the same time all your grocer has to do is to declare a blockade on your food supply.

MISSOURI HEN HAS FINE OPPORTUNITY

EVERY EGG OF THE YOUNG PULLET MEANS FOR KAISER A BULLET.

FARMERS' WIVES CAN HELP

One Dozen Eggs Will Buy Two Thrift Stamps or 12 Cartridges in America's Fight for Democracy of World.

The Missouri hen, already famous, has the opportunity of her life to add to her renown.

Every dozen of Missouri hen eggs will now buy 10 cartridges for the American army. If the Missouri hens get busy on the job during the next year they can lay enough eggs to supply the United States soldiers with enough ammunition to win the war.

Eggs are now bringing 50 cents per dozen to the poultryman and the farmer in the rural districts of Missouri; 100 cartridges cost $5. At the present prices practically every egg laid by a Missouri hen is equivalent to a cartridge for Uncle Sam's army.

The "Ozark Queen," single-comb white leghorn, champion egg layer in the state of Missouri for 1915 and 1916, owned by S. S. Hinnerman, Marshfield, Mo., has to her record 273 eggs out of 365 days.

The poultry industry of Missouri, according to the United States Census report, the year of 1910 has a greater value than the wheat and oats crops combined. Missouri's greatest cereal crop is corn, the value of which is exceeded by the crop of only two other states in the Union. The value of a single year's crop is $100,00[illegible],000. Vast as this sum is, the little Missouri hen and her product for two years would buy the great corn crop produced in any one year. Missouri has more than 25,000 acres of coal area, and also great fields of iron, zinc, lead and other minerals, supplying manufacturers with more than $30,000,000 in these materials, but Missouri's hen brings more wealth to the state by $16,000,000 than all the mineral products combined.

The farmer's wife and the poultryman have a rare opportunity of aiding the government in equipping the great new army. One dozen eggs per week will buy two Thrift Stamps, and in two months a War Savings Certificate can be secured for the 16 Thrift Stamps and the additional amount—13 or 14 cents. This will mean 100 bullets for some soldier at the front fighting for the cause of liberty.

That same amount, just a little personal sacrifice, would mean a comfortable pair of shoes; would about pay for two woolen shirts; would buy a woolen blanket; would buy four winter undershirts; would more than pay for a shelter tent and would go a long way toward buying him an overcoat, wool service coat, wool breeches for his comfort, and would buy a steel helmet and leave a balance of $1.12, for his protection, for some other needed article.

The equipment of a United States infantryman is $156.71. Then he must have food and plenty of it.

NEW WAY TO SAVE MONEY

Thrift Stamp and War Certificate Are Taking Place of Child's Savings Bank.

The Thrift Card and War Savings Certificates are taking the place of the coin savings bank.

From the manufacturers' records, it is estimated there are 10,000,000 children's coin boxes in American homes. They cost the purchasers from 25 cents to $2 each, an average of $1, or a total of $10,000,000, whereas the thrift cards may be had for the asking.

If the cost of these coin boxes—$10,000,000—had been deposited in savings banks to the credit of children, at the rate of 3 per cent, it would be earning $300,000 per annum.

It is estimated that on an average there is $3 in each of the 10,000,000 coin boxes, totaling $30,000,000.

This $30,000,000, on a basis of the regular discount, would purchase over $36,700,000 worth of War Savings Stamps, which will be worth their face value in gold five years hence. In other words, every $4.12 invested in a War Savings Stamp is working at the rate of 4 per cent interest, compounded quarterly.

One of the salient features of the thrift propaganda is to get the people to realize the importance of putting savings and hoardings into circulation through the medium of War Savings Stamps and Liberty bonds. The war savings plan enables the earner of small wages and limited means to save a part of his earnings and thus aid his country, he himself becoming the beneficiary two-fold—first, by aiding in the fight for democracy, and, second, by cultivating the habit of thrift and establishing a savings account, with interest at 4 per cent.

Vanderlip Urges Teachers to Push Savings in Schools

To the School Principals and Teachers of America:

The school principals and teachers are helping to win this war. Wars are no longer won on battlefields alone. Victory for our armies, life for our soldiers, depend on the mobilization of our resources.

Labor and material and the enormous sums of money our government must have to provide them—there is the real battle ground—there is where the issue rests—where victory must be assured.

No nation in history has been called upon to provide funds equal to those America must provide for the task which has just begun. The serious, vital task before the nation is to supply the needed funds without injuring commerce and industry, without decreasing that very production which must be vastly increased, that our armies may be supplied.

There is but one way.

The nation must save. Every individual must learn and practice the lesson of economy, of self-denial, of saving to the point of sacrifice. Thrift will mean triumph.

Every individual should realize that saving money means saving lives.

The school-teachers of America must teach the nation this imperative way to victory—this pre-eminent way to maintain a national strength which will safeguard posterity and advance civilization.

The school-teacher is the pioneer outpost of the government, standing at the threshold of the nation's homes. The schools of America are the single units where a national resolution can form and spread overnight into every household.

The school-teachers are the rallying ground for the best-loved possession of a country—its children.

To the teachers belong the splendid privilege, the solemn duty of rallying them round the flag and them implanting in their hearts and sending into the homes of America the message which will keep that flag flying high.

The teachers form a mighty agency which can start aright the movement among our children on which the success of our government depends.

We must save money that we may save lives. The educators of America enjoy no greater privilege than that of being able to teach this lesson to the nation; and for the sake of the lives of millions of its finest boys, the educators of America may be depended upon to teach it quickly and well.

With best wishes for success to your efforts, I am, sincerely yours,

F. A. VANDERLIP,
Chairman National War Savings Committee.

Several in this community put up ice this week. Among them were Allen McNeal, Milt Wilson and Addison Miller.

Charles Pope's closing out sale was well attended Monday and everything sold well, corn bringing $1.46 per bushel and timothy hay $23 a ton. Mr. Pope recently sold his farm to Liege Rowlett.

Bert Roswell, who died in Oklahoma, was buried at the Bethany cemetery Tuesday. Mr. Roswell was a nephew of Wiley Langford.

WARNS FOOD BUYERS

(Continued from page 1.)

sons guilty of hoarding are punishable by a fine of not to exceed $5,000 or imprisonment for not more than two years, or both, and the law defines hoarding as being the securing of more foodstuffs than are reasonably necessary for immediate needs.

"The food administration has ruled that dealers shall not sell to any person in town or city more than five pounds of sugar, and to persons in the country not more than ten pounds; and to persons in town or city they may sell from 24 to 48 pounds of flour, according to size and needs of family, and to persons in the country from 48 to 96 pounds of flour, according to size and needs of family.

"These rules amount to a finding by the department that those amounts are a reasonable amount within the law, and that parties who secure by any subterfuge more than these amounts are in clear violation of the law.

"As food administrator of Nodaway county my attention has been called to the fact that many persons in both towns and country have been going from store to store and buying the limit in each place, thereby securing more than their immediate needs and violating the law as stated above.

This practice must stop, and I have been ordered to stop it at once, and will be forced to resort to prosecution if necessary.

Merchants will please watch closely and report to me at once every attempt to evade the law, and I also suggest that if anyone claims to you that he is buying for his neighbor, trat you protect yourself from imposition by adhering to a rule requiring a written order to you signed by the neighbor himself.

Every citizen who is asked to accommodate a neighbor by buying flour or sugar for him should protect himself from suspicion by requiring the neighbor to give him a written order on the merchant.

F. P. ROBINSON,
Nodaway County Food Administrator.

The News at Bloomdale

Miss Essie Ward, Correspondent

Lea Combes of Council Bluffs, Ia., is visiting with his uncle, Walter Combes, and family.

A large crowd of people were in attendance at C. C. Moon's sale, held Tuesday. The majority of things offered for sale sold at a high price. Hay sold for $22 a ton. Lunch was served by the ladies of the Pickering Christian church.

Charlie Chenoweth of Peru, Nebr., still believes that Bloomdale is one of the best communities to be found anywhere. As an evidence of his loyalty to Bloomdale during the recent Red Cross campaign he sent his check for membership to A. S. Byerrum, one of the captains for this district.

Lerita Lett, daughter of Mr. and Mrs. W. F. Lett, ha sbeen confined to her home with pneumonia. She is said to be gradually improving.

While Mr. and Mrs. Orville Gray were on their way to visit at the Marion Gray home Sunday the team they were driving became frightened in front of the Ike Treese home, turning the buggy over and throwing Mr. and Mrs. Gray out. Fortunately neither of the occupants were seriously injured and in a short time were able to continue their trip.

There was a fire scare at the Bart Shannon home Tuesday night, when it was discovered that a flue of the house was on fire. With quick work the blaze was put under control. No damage was done other than to smoke the walls of the house.

Last Tuesday evening the members of the Bloomdale W. W. Club and their families arranged a surprise for C. C. Moon and family. Various games wer eplayed during the evening. Those in attendance were: Mr. and Mrs. Edward Harvey, Mr. and Mrs. Walter Runnels and children, Mr. and Mrs. Parl Runnels, Mr. and Mrs. A. S. Byerrum, Mr. and Mrs. Orville Gray, Mr. and Mrs. John Stephens, Mr. and Mrs. Bart Shannon, Sam Moon of Maryville, Mr. and Mrs. C. C. Moon and son, Clifford, Harold Byerrum, Mina, Harold and Lois Harvey, Maggie Shannon. Popcorn balls were served during the evening.

Mr. Moon and family have not yet decided upon what they shall do, but they will probably move to Maryville, where Clifford will attend school at the business college.

MARYVILLE WOMAN NOT WORRIED OVER FOOD SHORTAGE

"I have lived on toast and water for over six months and have been scarcely able to eat anything for the past year. I began suffering from stomach trouble and bloating five years ago. A friend recommended Mayr's Wonderful Remedy and since taking six doses I feel I am entirely restored; even cabbage does not hurt me." It is a simple harmless preparation that removes the catarrhal mucous from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Now Is a Good Time To Treat Your Catarrh

Mild weather aid treatment.

Don't be misled into thinking that your Catarrh is gone. The first touch of winter weather will bring it back with all its discomforts.

But this is an excellent time to thoroughly cleanse the blood of the germs of Catarrh, and be forever rid of the troublesome sprays and douches that can never cure you.

S. S. S., the great blood purifier, searches out the germs of Catarrh which infest your blood, and chases them entirely out of your system. It is by far the most satisfactory treatment for the disease, because it reaches down to its very roots and gets at the cause. Cleanliness

Is one of the things we have always prided ourselves on in handling meats—but we are just as proud of our reputation for high class meats, correct weights and excellent service.

The best meats handled in a thoroughly sanitary market are really the most economical and are doubtless the most wholesome.

Price is something we are unable to control—unless we buy inferior goods—but—

Our Prices are as Low as Our Quality Permits.

HATE THE KAISER

BERLIN LOATHES EMPEROR WILLIAM AND HINDENBURG

CONDITIONS ARE AWFUL

For Great Mass of Poulation There Is Hardly Any Light, Warmth, Clothing or Food

London, Jan. 18.—An observer at first hand who left Germany in the middle of December and for whose trustworthiness the Morning Post vouches gives an amazing account of conditions in Berlin, both economic and political.

"The situation in Berlin," he said, "is absolutely awful. For the great mass of the population there is hardly any light, warmth, clothing or shoes and an appalling lack of food.

"The work of the city is carried on by decrepit men and women, reduced to nearly the same condition. On one occasion I saw a coal cart with a Russian prisoner in the driver's seat and four women literally in rags carrying bags of coal into a house.

"The linen worn by both sexes is abominably dirty, for there is no soap.

"There is intensely bitter feeling among the people against the government, and there would be a revolt only, as the people always are saying, 'Women can't make a revolution.' The government knows this and forbids the return to Berlin of ablebodied men, and officers are allowed to return only in exceptional circumstances.

"Von Hindenburg is loathed by the people of Berlin. Placards with his picture appealing for subscriptions to the loans were torn down, although they were not touched in South Germany.

"All over Berlin notices are posted offering 3,000 marks (normally $750) to anyone informing against persons criticising the government, the emperor, the war or officers.

"The population of Berlin is divided roughly into three classes. The upper military class, which adores Hindenburg and hates Ludendorff; the middle class, which loves Ludendorff because he gives high posts in the army to Jews, who are making vast sums out of the war, and the lower working class, which loathes Hindenburg, Ludendorff and especially the emperor, and ridicules the crown prince unmercifully. Otherwise nobody mentions the imperial family, which has ceased to be a dominant factor.

"The well to do get along fairly comfortably, because the necessaries are purchasable at fabulous sums. A ham costs $90. A special restaurant dinner for three, costing $10, consisted of war-water soup, some tiny fishes, a fragment of some sort of meat, a few carrots ,a piece of turnip and an uneatable pudding.

"Everything is being moved west. Double rails are being laid everywhere possible, creating the hope that food may come from Russia.

"From Berlin to Basle, including a whole night on the train, there was neither light, heat, food nor drink of any sort obtainable."

WORKS 64 YEARS FOR SAME BANKING HOUSE

Derby, Conn., Jan. 18.—William S. Browne, aged eighty, believed to be one of the oldest bank employees in the country, both in age and point of service, is still working at the Manufacturers' Bank, where he has just celebrated the sixty-fourth anniversary of his employment by the institution. He went to work in the bank when he was in the local high school and has been employed under four cashiers, two presidents and innumerable directors.

AUTO PARTY, UNINJURED, RIDES ON ENGINE PILOT

Lincoln, Ill., Jan. 18.—Carried fifty yards in an automobile on the pilot of an engine was the unusual experience of John I. Miller, his father-in-law, N. A. Senner, and Mr. and Mrs. Oscar Rickards. None were seriously hurt. The party was accompanying Mr. Rickards on a questionnaire-filling trip. The machine did not even upset.

TO TELL OF WAR INSURANCE

Home Service Departm't of Red Cross Has Representative to Give Information About Bill

The home service section of the Nodaway county Red Cross chapter announces that the secretary is prepared to give full and complete information in regard to the war risk insurance bill recently enacted by congress. The National American Red Cross has sent all the necessary information to the local chapter and will send all future rulings of the government as they are made.

Every family in the county that has a soldier or a sailor in the service of th ecountry will be interested in the bill, as it provides funds for the dependents of soldiers and sailors and makes provision for cheap government insurance to be paid to their beneficiaries, and arranges for a fixed sum of money to be paid to the soldier or sailor or his dependents should he be injured or maimed while in the service.

All men who wer ein the service on October 15, 1917, must have their applications in before February 12, 1918, or the opportunity will be gone forever. A member of the home service department will be at 301 South Main street every day to give information concerning the bill.

A PRE-CONVENTION BANQUET

Affair Will Be Held Next Tuesday Night at Presbyterian Church in Preparation for K. C. Meeting

Maryville hopes to be represented at the Laymen's Missionary Convention at Kansas City February 21-24 by a number of delegates, according to church leaders who are co-operating in securing attendance at the convention. Next Tuesday night, in preparation for the meeting, there will be a banquet at the Presbyterian church at which over 150 persons are expected. The banquet will be served by the ladies of the church.

The big convention is inter-denominational and all churches will have a part in its deliberations. The meeting in Maryville, at which representatives of the convention will speak will be participated in by all the protestant churches here. The speakers who will come to Maryville have not yet been announced.

Lieutenant Mowry in France.

Mrs. G. D. Mowry of Graham received a letter Wednesday from her son, Lieutenant Otto M. Mowry, which had been forwarded from Hoboken, N. J., saying he had arrived safely in France. Lieutenant Mowry has served two enlistments prior to this, one being at the time of the Spanish-American war.

W. R. C. Meeting.

The W. R. C.'s will hold their regular meeting at 2:30 o'clock tomorrow afternoon. All members are requested to be present as there will be important business to be attended to.

Held Meeting Yesterday.

The Executive Board of the Twentieth Century Club held a business meeting yesterday afternoon at the Elks Club rooms. Mrs. Merrill Alderman was elected corresponding secretary to take the place of Mrs. L. E. White, who has resigned.

In Honor of Miss Warden.

Mr. and Mrs. George Palfreyman entertained a few friends at dominoes last night at their home in honor of Miss Ida Belle Warden, who is making her home with them while attending the Normal. High score went to Miss Elaine West. A dainty luncheon was served by the hostess to the following: Misses Betty Ozenberger, Gertrude Hillmers, Myrne Converse, Alta Argo, Elaine and Mary West, Ruth Miller, the honor guest and the host and hostess.

Completed 370 Dressings.

The Lasher Red Cross auxiliary held an all day meeting yesterday at their work rooms at the home of Mrs. Lawrence Gault. Each took lunch and at the noon hour an elaborate dinner was served. Although only nine members were present they completed 370 dressings. Those present were: Mrs. Frank Dinsmore, Mrs. Charley Broyles, Mrs. D. R. Palmer, Mrs. Carl Zimmerman, Mrs. Lawrence Gault, Mrs. Robert Pewell, Misses Mabel Riffle, Katie Broyles and Ella O'Grady.

Surprised on Birthday.

Miss Gertrude Smith was given a very pleasant surprise Tuesday evening, January 15, at the pretty country home of Mr. and Mrs. Tom Logan of near Parnell, the occasion being her birthday anniversary. Progressive somerset was played until a late hour, when a dainty luncheon was served by the hostess, assisted by Mrs. Bessie Carmichael. Those present were: Nannie, Elva and Vern Heflin, Joe, Dale and Esta Birkenholz, Howard, Dale and Russell Blake, Bessie Carmichael, Millie Shelman, Ralph New, Edna and Laura King, Virgil Spoonemore, Edith Coler, the honor guest and the host and hostess.

The I. I. Auxiliary.

The Ireland Industrial auxiliary of the Red Cross met Thursday afternoon at the home of Mrs. Claude Shell and did their first Red Cross work. During the afternoon they completed 294 articles o fthe gauze work. The members present were: Mrs. Ed Babb, Mrs. Brie eHall, Mrs. Andrew Fink, Mrs. Lon Hughes, Mrs. Elihu Shell, Mrs. Will Osborn, Mrs. Allen Haller and son, Guy Reece, Mrs. Ed Seipel, Mrs. John Halasey, Mrs. Clarence Duncan, Miss Jennie Duncan, Miss Lyda Onstott, Miss Leta Babb. The next meeting will be at the home of Mrs. Al Taylor on Thursday, January 24.

Social Hour Club Met.

Mrs. Theodore Gray entertained the Social Hour Club at her home northwest of Pickering last Wednesday afternoon. Roll call was answered with jokes. During the business session it was decided to hold an all day meeting at the home of Mrs. C. A. Loch, January 24, to sew for the Red Cross.

Refreshments were served by the hostess, assisted by Mrs. Capels Wilson and Mrs. Will Spangler. Each member received a hand painted napkin, Mrs. Gray's own work. The members present were: Mrs. C. A. Loch, Mrs. Geo. Porterfield, Mrs. Ernest Stafford, Mrs. Rich Spurgeon, Mrs. Edgar Houston and son, Harold, Mrs. W. P. Scott, Mrs. Roy McMullen and daughter, Eva Laverne, Mrs. Will Spangler, Mrs. James Hanna, Mrs. Capels Wilson, Miss Tressie King, Miss Cecil Porterfield and Mrs. Theodore Gray.

Surprised Mr. and Mrs. Foley.

Mr. and Mrs. E. T. Foley were very pleasantly surprised when about thirty of their friends gathered at their home two miles northwest of Wilcox to bid them farewell before leaving the neighborhood. After playing games and music a delightful lunch, which had been prepared by the guests was served. Mr. and Mrs. Foley will be greatly missed in the community, and especially in the W. C. I. club and Loyal auxiliary to the Red Cross, of which Mrs. Foley has been a faithful worker. This is only one of the many homes the draft has broken into. Mr. Foley will go to Kansas City, where he will enter the school of aviation, and Mrs. Foley will go to Westboro to live with her parents. The following guests were present: Mr. and Mrs. Elihu Carter, Mr. and Mrs. P. D. Nicholas and baby daughter, Mr. and Mrs. H. J. McComb, Mr. and Mrs. Emmett Cummins, Mr. Sparks of Westboro, Mr. and Mrs. R. P. Ferguson, Mr. and Mrs. Purl Shell and children, Frank McComb, Alline Ferguson, Wilson and Logan Carter.

Miss Mary Wolfers will be the guest this evening of Mr. and Mrs. Fred Wolfers of Maryville, and tomorrow she will go to Burlington Junction to visit her sister, Mrs. T. A. Corken.

State Fish Warden Wants to Compel All Fishermen to Take Out a Fishing Permit

Jefferson City, Jan. 18.—A recommendation that all Missouri fishermen be compelled to take out licenses whether or not they catch any fish, is contained in the annual report of the state fish commissioner to Governor Gardner.

The prison board reported that the state penitentiary came out with a balance of $37,500 more than expenditures.

Inmates of the state institution for the deaf and dumb have decreased the amount of meat they eat without hurting their health, that institution reported. Last year they ate 38,155 pounds of beef, as compared with 46,115 in 19116.

"HAM AND" TOO HIGH, SAYS MAN WHO SOLD FINE PORKERS FOR $19

Wichita, Kans., Jan. 18.—A well known stock raiser from western Kansas came to Wichita with three car loads of hogs for the market. He went into a restaurant and ordered his usual meal—ham and eggs. The bill was forty-five cents.

"Too much for that junk," was his retort.

The restaurant man explained that eggs were forty-five to fifty cents a dozen. Ham cost him wholesale thirty-seven cents a pound. Still the stock man declared the price of forty-five cents was too much. But he paid his bill.

The stock man then left the restaurant and went to the stock yards, where he was paid for his three car loads of hogs at the rate of $19 a hundred pounds. And he kicked on forty-five cents for "ham and."

JEWS BACK TO PALESTINE

Scattered People Soon to Start Plan of Building New Nation—Raising Finance Fund

Chicago, Jan. 18.—Within a month the first activity toward gathering the Jews of the world as a nation at Palestine will be started, according to prominent Jews of Chicago, who started the movement for the return to Palestine of Jews from all corners of the globe shortly after the occupation of the Holy City by the British army.

Within a short time the English-American commission of twenty, among whom are Max Shulman and former Judge Julian Mack of this city, will make a pilgrimage to Zion, where they will confer with other commissions from Russia, England and France.

Later, when the next peace conference takes place, these commissions will meet and report on the reception of those who wish to return, by the country.

This will mark the beginning of the massed return to Zion, the result of a movement fostered by the Federated Zionist Societies at the recent convention here.

Reports from various parts of the country show that the fund of $1,000,000 to finance the restoration of the Jewish state in Palestine is fast reaching the goal.

Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition.

CHILDREN ASKED TO AID IN THRIFT

M'ADOO PLANS TO HAVE EVERY CHILD BUY WAR STAMPS IN BIG DRIVE.

RAISE FUNDS DOING CHORES

Suggests Children Chop Wood, Shovel Snow, Wash Dishes or Sell Magazines to Earn War Money.

Washington, D. C.—A great drive to induce every school child in America to buy at least one 25-cent Thrift Stamp is now being launched for the month of January war savings campaign.

In opening the campaign, the first of December, Secretary of the Treasury McAdoo appealed to "Young America," asking their co-operation in the Thrift Stamp and War Savings Stamp and Certificate campaign, by which it is planned to raise $2,000,000,000 within the next year. Secretary McAdoo appeals to the boys and girls to earn this money and make personal sacrifice by saving their spending money and earning money by beating carpets, waxing floors, sifting ashes, helping parents, cleaning cellars, washing windows, cleaning silver, cutting wood, varnishing chairs, tearing down old chicken coops and cutting up for firewood, caring for neighbor's baby, acting as messenger for drug stores, selling magazines, workin- in stores Saturdays and waiting on table.

Secretary McAdoo's message to "Young America" said:

"Nations have their childhood and their days of hard lessons just as children do. One hundred and forty years ago, when the first American army marched to battle, our nation was younger among nations than you are among your fathers, your mothers and their friends.

"Our army had drummer boys in those days, real boys of 10 and 12, who marched as bravely and as proudly into cannon fire as their great chief Gen. Washington, himself.

"Our nation had little girls who laughed and cheered and loaded muskets for their fathers, who fired through loopholes in their cabin homes when the painted Indians charged on them.

"Where many school houses stand today American boys and girls may have helped to fight and defeat the enemy when our nation, too, was young.

We Will Win.

"We are in the greatest war of the world's history and we must win this war. We can and we shall win, if the boys and girls of America say so, and mean it, and feel it, and live it as the boys and girls of '76 lived and felt and helped.

"The nation needs that sort of boys and girls today. Not to beat our drums, nor to load our muskets, but to start a great work which must be done. It is the part of boys and girls today to give an example of self-denial and sacrifices to teach fathers and mothers, to teach the grown people of the nation that we still have in every young heart the spirit of '76, when boys led our soldiers into battle and girls fought beside their fathers at the cabin walls. The lesson is thrifty saving to the point of sacrifice—self denial of everything unnecessary.

"If every boy and girl says at home tonight, 'I will fight in this war; I will save every penny and loan it to my government to help save the lives of the big brothers of America; I will try to teach every American I see to do the same,' then 20,000,000 homes, the homes of all America, will be filled with the spir . of '76, the spirit of the drummer-boys, of the brave girls of those days.

"America will win the war again, as it always has won, through the splendid strength, courage and sacrifice in the hearts of youth, that today will teach the nation the lessons of saving and serving which it must and will learn, through the message which its school children will carry home.

"Through saving your pennies, nickels, dimes, quarters, and buying Thrift Stamps and then War Savings Certificates you will help your country and its gallant armies to win the war.

"I know you will help."

$20 PER CAPITA WANTED FOR THRIFT STAMPS

St. Louis.—Festus J. Wade, director of the War Savings Committee for Missouri, has announced the quota of each county and the large cities in the state in the sale of War Savings Certificates. The quota for the state is $71,000,000; for St. Louis, $16,000,000; Kansas City and Jackson County, $7,000,000. The largest amount any one individual can hold is $1,000. Every person should buy as many War Savings Stamps as his or her earnings will permit. Everyone should at least own $20 of these securities.

Director Wade has appointed a county chairman and two vice-chairmen in each county, who in turn will organize their county and appoint township chairmen, community chairmen and school district chairmen.

Letters have been sent to all local chairmen, asking them to push the campaign for subscriptions during the

FOOD THE SOLDIER REQUIRES

Twelve Ounces of Meat or Its Equivalent, Fruits, Fat, Bread or Cereal, Sugar or Sirup.

The general knows to a nicety just what part each regiment is to play in a campaign, and the girl may learn to marshal the foods represented in the five great groups so that she knows just which group of foods will provide strong muscles to carry the soldier into battle, which will furnish strong bones to meet the onslaught, which the heat for the struggle, and finally, how much driving-power is needed to carry it through, according to Winifred Stuart Gibbs in St. Nicholas.

So, then, when we marshal our forces we find that a man needs in a day 12 ounces of one, or of a combination, of the following: Meat, poultry, cheese, dried vegetables, fish or eggs. To vary the above he may count every glass of milk drunk equal to an ounce of any one of the others.

The soldiers, either in home or military life, must have four pounds of fresh fruit and vegetables in order to keep the bony structure in good condition. He will need the three-quarters of a cupful of fat (this includes butter, oil, the fat of meat eaten, or any other fat in the daily diet) to keep him warm, and to this group he must add one and one-fourth pounds of bread or cereal; and finally, in order to complete the necessary amount of driving-power, he must have two ounces of sugar or one-third of a cupful of sirup.

DEPORTING A WHOLE NATION

Kaiser, in Action Toward Belgium, Is Partly Following Style First Set by King Sargon.

Only a few years ago, comparatively, the great King Sargon was held by critics to be a biblical myth, a monarch who never ruled Assyria, but excavations in that ancient land confounded the alleged historical experts, says the Newark News. And now comes along no less an authority than John Dyneley Prince, former statesman of New Jersey, master of some twenty ancient and modern tongues, and head of a department in Columbia university, calling attention to the fact that Sargon first set the style of deporting a whole nation that is being partly followed by the kaiser in Belgium.

It was some 2,600 years ago that Sargon carried the ten tribes of Israel out of the promised land and filled up their country with Arabs and tribes from northern Asia Minor, and he did such a good job that the Jews never came back. History, however, does not always repeat itself, as witness the return from captivity of the Jews released from Babylonia through Cyrus the Persian.

Razor Strop Rhymesters.

The dearth of barbers has forced a good many men to shave themselves who, before the war, regarded even a safety razor as a fearsome and dangerous implement.

There is a kind of moral satisfaction in shaving one's self which is induced by no other toilet function. I know a verse writer of some distinction, observes a writer in the London Chronicle, who asserts that his happiest rhyming feats always come to him with the rhythmic sweep of the lather brush and the razor—not a safety.

And our novelists, particularly the Victorian ones, are fond of the dressing gown and shaving dishabille of their heroes.

The most remarkable barber in English literature is Thackeray's Mr. Eglantine, whose affection for "The Ravenswing" was inspired by the glories of that young woman's hair.

WAR BOOSTS COB PIPE TRADE

A Missouri Town Manufactures 27 Millions Annually—Pay $50,000 a Year for Corn Cobs

Washington, Mo., Jan. 18. — The corn cob pipe industry is being boomed by the war.

This little town manufactures and markets fully 97 per cent of the corn cob pipes made in the United States. Since the war shut off imports of German meeschaum pipes the corn cob pipe industry here has been increased considerably, according to manufacturers.

The twenty seven million pipes manufactured in Missouri annually require 18,000,000 cobs, so that for this formerly waste product the farmers now receive some $50,400 a year. It is estimated that one acre of land will produce 4,000 good cobs, which average $2.80 a thousand.

While machinery plays a great part in the manufacture of the pipes, they are all hand turned owing to the fact that no two cobs are alike and that one factory may make as many as 75 different varieties. The stems are made from Arkansas cane.

PREACHER ASKS MEMBERS TO PROVIDE CHURCH FUEL

Thompsonville, Conn., Jan. 18. — While a number of churches in the state have been compelled to close or curtail their services because of lack of coal, Rev. D. Russ Judd, pastor of St. Andrew's Episcopal church has asked each male member of the congregation to bring a hod of coal to church with him. If he cannot spare a hod, then the member is asked to bring a smaller receptacle filled with the fuel. "Slacker" members will be also looked up and urged to do their bit to keep the church services going.

KICKS BOMB OUT OF WAY, THEN INVESTIGATES

New York, Jan. 18.—Salvatore Nuccio, a carpenter, stumbled over something when he went home the other night, kicked it out of the way, and entered his room.

When his curiosity got the better of him he went out in the hall and struck a match. The "something" was an eight-inch bomb.

It had failed to explode because the fuse had been wound too tightly.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kep me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

RETAILERS CUT DELIVERY COSTS

Missouri Towns Aid State Food Administration by System of Co-operative Delivery

Columbia, Jan. 18.—The high cost of food commodities is due in a large measure to the high cost of delivery and other services, investigations by the Missouri division of the United States food administration have shown. In examining the cost of food products from the producer to consumer it has been found the cost of delivery is a large item.

To reduce these delivery costs F. B. Mumford, federal food administrator for Missouri, is encouraging the organization of co-operative delivery systems in every town in the state and the reduction of the number of free deliveries to one a day.

"In many town merchants make five and six deliveries a day. This is an enormous waste," Mr. Mumford declared recently. "By co-operative deliveries every small grocer would not be forced to maintain a delivery wagon. Reducing the number of free deliveries to one a day would be a big saving. We believe that those who want more than one delivery should bear the cost. It is a great expense to the grocer to make long deliveries for several small purchases a day."

Retail grocers in several Missouri towns have started co-operative delivery systems. Chillicothe organized such a system in 1916 which has proved successful. Five deliveries a day are made by six wagons. In accordance with the request of the Missouri food administrator, however, the Chillicothe merchants are now working on a plan of one delivery a day. They expect to put this into effect soon.

George W. Bailey, county food administrator for Linn county, has organized the dealers of Brookfield into a co-operative system. Since this was started nine men who were delivering

ALWAYS AWAKE

A Fight For Life

It has been fight or die for many of us in the past and the lucky persons are those who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's, called "An-u-ric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water, and at each meal take Anuric (double strength). You will, in a short time, find that you are one of its firm indorsers.

HIGGINSVILLE, Mo.—"For seven years I suffered severe pain in my back and the back part of my head. My kidneys were very inactive from time to time and sluggish. I was extremely nervous, had poor appetite, was melancholy, restless and completely worn out. I used every available remedy recommended for the kidneys, but obtained temporary relief only, but I can truthfully say that after using one package of Anuric all of the former symptoms disappeared and I feel like a new man."—REV. G. W. WATTS.

RIVERMINES, Mo.—"I have had kidney ailment and rheumatism for many years. At times I have had to give up and take to my bed. A short time ago just as I was able to sit up after having one of these spells, I saw Anuric advertised. It has given me wonderful relief. I am feeling better than I have for some time past. I have great faith in Anuric and am convinced if those suffering as I did will give it a fair trial they will get good results."—MRS. KATHERINE SCHULDHEIS.

Ask the druggist for Anuric (60c) or send Dr. V. M. Pierce, Buffalo, N. Y., 10c for trial pkg.
